

SHENACHA

WEBSITE CHANGES & CONTENT BRIEF

Purpose: Please use this document as the guide for the website structure, wording and inquiry flow.

1. HOMEPAGE — FIRST IMPRESSION

Main Heading: Connectivity. Security. Access.

Smart technology solutions for homes, businesses, apartments and properties.

Three main services:

01 — SHENACHA FIBRE	Reliable Fibre Internet in Juja	Fibre internet for homes, apartments, offices and businesses within Juja.
02 — CCTV SOLUTIONS	Security You Can See.	Professional CCTV installation for homes, offices, apartments, businesses and commercial properties.
03 — BIOMETRIC ACCESS	Smarter, Safer Access.	Modern biometric access solutions for homes, apartments, offices, businesses and other properties.

Important: Fibre service is currently available in Juja. CCTV and biometric access services can be provided wherever the client/property is located.

2. FIBRE INTERNET — LANDLORD / PROPERTY OWNER

Heading: Bring Reliable Fibre Internet to Your Building

Shenacha Fibre partners with landlords, property owners, property managers, developers and building owners to provide professional fibre connectivity within Juja. We can structure fibre cabling through conduits or use neat surface trunking where required. Our team will visit the property, assess the site and recommend the most suitable solution.

Contract: The partnership is based on a signed contract agreement, with terms agreed upon by both parties.
